INTRODUCTION

Pedro is a multidisciplinary product designer with over 12 years of experience designing & building software for tech companies in the e-commerce, finance, enterprise & crowdfunding space. Residing in the sandy streets of Miami FL, Pedro currently spends his days working at Slack Technologies as Principal Product Designer. He leads Mobile Design @ Slack across iOS, Android and iPad. He's launched some notable products such as Huddles, Lists, Audio & Video Clips, Emoji Packs and more in the past 5+ years.
